

Drudgery Divine (Paperback)

By Jonathan Z. Smith

The University of Chicago Press, United States, 1994. Paperback. Condition: New. New edition. Language: English. Brand new Book. In this major theoretical and methodological statement on the history of religions, Jonathan Z. Smith shows how convert apologetic agendas can dictate the course of comparative religious studies. As his example, Smith reviews four centuries of scholarship comparing early Christianities with religions of late Antiquity (especially the so-called mystery cults) and shows how this scholarship has been based upon an underlying Protestant-Catholic polemic. The result is a devastating critique of traditional New Testament scholarship, a redescription of early Christianities as religious traditions amenable to comparison, and a milestone in Smith's controversial approach to comparative religious studies. "An important book, and certainly one of the most significant in the career of Jonathan Z. Smith, whom one may venture to call the greatest pathologist in the history of religions. As in many precedent cases, Smith follows a standard procedure: he carefully selects his victim, and then dissects with artistic finesse and unequaled acumen. The operation is always necessary, and a deconstructor of Smith's caliber is hard to find."- Ioan P. Coulianu, Journal of Religion.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be writter in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- **Prof. Arlie Bogan**

It in a single of the best book. This is for those who statte there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
